SIR,

I have the honour to forward for the information of Government a copy of the D.O. letter dated 6th December received from Mr.T.G. Rama Iyer, Vice President of the Ayurvedic College Committee, together with a copy of the Inspection Notes referred to in the letter. A copy of the letter addressed by me to him is also forwarded. On receipt of a final reply from Mr.Rama Iyer I shall send a further communication to you. Mr.Sitharama Sastry seems to have begun his career as a Government servant in a very unsatisfactory manner.

Dated, Bangalore, the 8th December *1928*

My dear Rama Iyer,

I am in receipt of your D.O. letter forwarding a copy of the Notes of Inspection. I am sorry I am unable to go over there to hold the enquiry on account of other engagements previously made. I shall be much obliged by your kindly holding the enquiry immediately and sending a report about the result of the same as early as possible. You will be able to handle the matter thoroughly. If you think it necessary you may take action to place Mr.Sitharamasastry under suspension pending the result of the enquiry and recall Mr.Lakshminarasimhastry from Calcutta. The rules proposed by you for the working of the pharmacy are quire suitable and you may give effect to them.

Yours sincerely,

D.O. letter dated 6th December 1944, from the Vice President Ayurvedic College, Committee, Mysore, to the Revenue Commissioner in Mysore.

I beg to forward herewith a copy of my Notes of Inspection of the Ayurvedic College Pharmacy. I received first information about the fraud from an official who was asked by the Headmaster to cook up fictitious items for the amount misappropriated.

I learnt today that apprehending further investigation into the state of accounts another official has been asked to rewrite and substitute the accounts for the period after Mr.Lakshminarasimha Sastri went on deputation. I have asked that official to keep the present accounts given to him for substitution but not to substitute accounts.

I think it is very undesirable to keep such a dishonest official in charge of an important institution and request that you may be pleased to visit Mysore and hear the forthcoming evidence about the Headmaster's doings and decide about the changes in personnel necessary.

For Revenue Commissioner.

Note on the pharmacy attached to the Ayurvedic College, Mysore.

I inspected the pharmacy yesterday in the company of Mr. Lokasevaviratha Amble Annian Pandit and we found that the arrangements made for keeping stock of the necessary prepared medicines, arrangements for the purchase of raw drugs and the accounts connected with the pharmacy were very unsatisfactory. The present practice after Mr. Sitaramasastri took charge is to somehow make up accounts for the total monthly allotment of Rs 60 whether the full amount has been spent or not.

Purchases are made under two heads, firstly medicines from a shop near the Market (one newly selected by Mr. Sitaramasastri) and secondly, miscellaneous items such as ghee, honey, limes, milk etc., necessary for the preparation of medicines. The purchases under the head 'Miscellaneous' are all made by the Pandit in charge of the preparation of the medicines, direct from undefined persons, but the vouchers for the total amount of Rs 60/- (i.e. including miscellaneous items not supplied by the shop keeper) is obtained from him. That is to say, the voucher of the shop keeper up to the extent of the miscellaneous items is a fictitious one.

Having had doubts about the perpetration of fraud in this connection I got information yesterday morning that false voucher for Rs 60/- (Rs 47/- for medicines and Rs 13-10-0 for miscellaneous items) had been obtained from the shop keeper, one Chayapathi Setty. I also had secret information that the total value of miscellaneous charges was only 7-7-0 and that preparations had been made to misappropriate Rs 5-7-0. To catch the official red-handed, I inspected the pharmacy by surprise along with Mr. Amble Annian Pandit and found that the total of miscellaneous items purchased by Narasimhapandit in charge of the pharmacy was only Rs 7-7-0. When the Head Master was asked

P.T.O.

to explain how he had taken a voucher for ₹ 12-10-0 for miscellaneous items, while the total of actuals was only ₹ 7-7-0, he evaded by saying that he had noted some purchases made by him privately (and not entered in the Ayurvedic College items) in separate slips of paper which, of course, he was unable to produce, being taken by surprise.

The actual stock of certain prepared medicines was compared with the book balances. I shall refer to one of the items to explain the actual state of things. The stock account showed that there were 17 tolas of Shanka Bhasma, but the actual stock showed 32 tolas. When asked the reason, it was explained that 15 tolas were recently prepared a second time. This explanation cannot be accepted as it was quite unnecessary to prepare it a second time when the first quantity of 17 tolas still remained unspent. The order book for purchases from the bazaar did not make out a second preparation nor was the second preparation entered in the book of medicines prepared. No one was able to explain even with the help of his own accounts what quantity of Aswangandhi Leham was available in the Ayurvedic College, though it was there in sufficient quantity. The whole thing is managed very unsystematically and with the maximum opportunities for leakage and fraud. I therefore consider it necessary to completely overhaul the system of management and maintenance of accounts in the pharmacy. I would therefore suggest the following set of rules for the working of the pharmacy for kind approval of the Muzrai Commissioner.

1) What medicines and of what quantity should be prepared to replenish the old stock should be decided with reference to the actual stock on hand in a meeting of the Headmaster, the Senior pandit of the College and one of the members of the Committee.

2. Orders should be placed with the shop keeper for the supply of the required quantity of raw drugs in an order book. The order book should show the quantity of raw drugs indented for and the shop keeper should note against each item, its value and on receipt

of the drugs, the pandit in charge of the preparation of medicines should sign in the order book for the receipt of the drugs indented for. The order book should also contain the miscellaneous items with their prices required for the specified quantity of the particular medicine required.

3. There should be a stock account showing the quantity prepared, date of preparation, taking to stock, issued to the compunder and the balance from time to time. This register should contain cross reference to the order book so as to enable comparison of the quantity prepared with the quantity for which raw drugs had been indented for.

4. Miscellaneous items should be purchased only by the pandit in charge of the preparation of medicines. Purchases should not be made by the Head Master, but the articles purchased by the Pandit preparing medicines should be shown to the Head Master and approved by him.

5. The books relating to the pharmacy should be well-bound ones fit for permanent record.

6. The pharmacy should be periodically inspected by two Ayurvedic Pandits of the College Committee at least once every three months.

7. Tenders may be called for, for the supply of usual drugs once every half year.

Mr. Sitharamasastri was appointed Head Master of this institution in Government Order No.1752-4/ [illegible] dated 31st March 1926 and though I had my own doubts at the time he was appointed as to his fitness for the post, I wanted to give him a fair trial and in my proposals for the reorganisation of the Ayurvedic colleges I have made it clear that I would not commit myself to put him in permanently in charge of the institution unless I had more experience of his work. I agree with Mr.Rama Iyer in the opinion that the manner in which Mr.Sitharamasastry has behaved in regard to the purchases of articles required for the pharmacy indicates an utter lack of moral sense and justify his dismissal if not prosecution. My main difficulty in dealing with his case is that he does not seem to be quite fit for any appointment in the Ayurvedic institution. Though he has some Ayurvedic training yet his inclination towards western methods and an exalted feeling of his own superiority do not hold out much promise of his ever becoming an efficient Ayurvedic practitioner. I shall therefore be very glad if Government can see their way to provide him with a place in the Medical Department for which he is better qualified than for the Ayurvedic colleges. If

Dear Sir,

With reference to your D.O. letter No.CC.A.38/28-29 dated 8th December 1928, regarding the affairs of the Ayurvedic Pharamacy, I beg to submit herewith my notes of enquiry held on 9th December 1928.

The Head Master is responsible for the mismanagement of the funds of the Institution, and as a punishment to him, I would suggest that he may be reduced to Rs.100 and put on purely tutorial work for teaching Physiology and Anatomy and Pathology with no hand in money matters; or, he may be transferred to the Medical Department. As he is still a young man any further punishment may act severely on his future. Narasimha Pandit and Peon Javara may be absolved from all blame as they have been threatened by the Head Master to suit his ways and have done nothing for their benefit. When promised immunity from persecution by the Head Master they did come out with the truth. Mr.Lakshmi Narasimhasastry may be recalled to duty and placed in-charge of the Ayurvedic College and Dispensary.

Yours sincerely,

Notes of enquiry into the affairs of the Ayurvedic Pharamacy.

---

1. In pursuance of the instructions contained in D.O. No.CC.A.38/28-29 dated 8th December 1928 from the Muzrai Commissioner in Mysore, Bangalore, I held an enquiry into the matter on the 9th instant.

2. The actual practice since Mr. Sitaramasastry took charge of the dispensary is found to be as follows:-

Lists of country drugs are written up in an indent book of the Pharamacy from day to-day and in another part of the same book miscellaneous items such as limes, ghee, honey, milk, cocoanut etc., purchased by the Pharamacy Pandit from undefined persons for the preparation of medicines are also entered by the Pandit preparing medicines. The Head Master seems to have arranged with the shop-keeper that only such of the items among those entered in the indent book as are sent for by him should be supplied. The book is sent to the shop keeper with one particular peon, Javara, on the respective days with the directions of the Head-Master to bring only Some of the raw medicines

entered in the indent book as ordered for from the shop-keeper. The shop keeper issues such of the drugs as are so asked for and keeps an account list thereof with him, noting at the same time in the indent book of the Pharamacy the cost against every one of the items entered in the indent book including those supplied and those not supplied. At the end of the month, the shop-keeper makes out his real claim for things actually supplied with reference to the individual slips with him, receives that sum when paid, and gives a receipt for a higher sum as per totals of all of the items in the Pharamacy indent book obviously to accommodate the Head Master to the extent of the cost of things indented for but not supplied.

3. When I examined the books of the Pharamacy, I found that an indent for drugs to the value of Rs. 48/- and odd has been made out for November, and the Head Master affirms in writing that he paid to the shop-keeper Rs. 47-6-0 exclusive of the cost of miscellaneous articles worth Rs.12-10-0 obviously not paid to him.

4. I went to the shop-keeper, one Nabha Chayapathy Setty, who has been supplying drugs at the appointment of this Head Master, in preferance to the

previous supplier, and on giving him an assurance that he would not be criminally proceeded against, he gave me a statement (appended hereto) to say that he has received only Rs.31/- and odd on account of the cost of drugs supplied by him in November last and not Rs. 47-6-0 for which the Head Master took a voucher from him. He explained orally that he was asked to sign a voucher also for things not supplied by him on the representation of the Head Master that these articles had been purchased from others.

4. Narasimha Pandit in-charge of the Pharamacy stated that out of the drugs for November noted in the Indent book, he did not receive several items. According to his statement the following items were not received by him:-

		Rs.	As.	P
Exhibit-	D. Ingredients for Sudarsana Choorna.	2	11	4
Do.	E. Thalisadi.	3	10	11
Do.	F. Thrijwara Pills Bhairava Pills.	1	4	6
Do.	G. Mahanimbadi Choorna.	3	13	0
Do.	H. Kastoori Pills.	7	5	11
Do.	I. Nagakesari Pills.	3	14	6

But it is found on verification with the list of medicines prepared in the Pharamacy that the first two items were received and the medicines prepared. The remaining four items amount to Rs.16-5-11, this

exactly corresponds with the difference between the amount actually paid to the shop-keeper Rs. 31/- and the amount entered as paid, namely Rs. 47-6-0 i.e. Rs.16-6-0.

5. While taking the first statement of shop-keeper Chayapathi Setti he had told me orally that he had not sent the medicines for Kastoori Pills and a few others. I have, therefore, taken his further statement in writing to that effect.

6. The Peon employed to fetch drugs from the shop also states that a list of drugs is being given to him with instructions not to bring some of them from the shop, that he is - accordingly not bringing such drugs and that this practice did not exist before Mr. A. Sitaramasastry took charge of the Dispensary.

7. Regarding the miscellaneous charge of Rs. 7-7-0 referred to in para 3 of the previous note, it was found that it had been worked up to Rs. 12-10-0. Questioned about this, Narasimha Pandit states that he was asked by the Head Master to interpellate certain items of stationery articles and two drugs with an aggregate cost of Rs. 5-3-0, that though he objected to it several times, he was prevailed

upon by the Head Master to post-write them in the intervening spaces, and that neither the stationery articles nor the drugs passed to his Department. It has already been referred to in my previous note that the Head-master accepted responsibility for Rs.5-3-0 unaccounted for out of Rs.12-10-0 - charged for miscellaneous items. He has tried to make a cat's paw of his subordinate by making him interpellate items for Rs.5-3-0 in the miscellaneous account.

8. From the foregoing facts, it is evident that the Head Master has been dealing with Government money in a very objectionable and fraudulent manner. He is a petty tyrant in the College and it is no wonder that his subordinates have been compelled to suit his ends.

9. The cash and other account books are not regularly and accurately maintained and needful instructions have been issued in the matter, on the lines indicated in the previous note.

10. The statements of the Head master A. Sitaramasastry, Narasimha Pandit and Chayapathi Setti and Peon Javara are enclosed herein.

Sir,

With reference to your demand dated 14/12/28 wherein you have called for explanation from me in connection with the following items, I have the honour to state that, with regard to item No 1 the amount of Rs 12-10-0 shown for miscellaneous items was not actually paid to Shanmukhaiah, but was paid to one Desai from whom the articles for the Desai's practice were received and that only a voucher for the whole amount was taken from Mr Setty only as a matter of convenience for audit as has hitherto been the practice in the Dispensary

That, with regard to item No 2, I agree with what I explained to you at the time of inspection by Mrs Amble Ammal / Dr Narasaya

That, with regard to item No 3, I remember that I represented that I was responsible for the balance

The Headmaster, Govt. Higher Grade College Mysore is requested to explain

(1) whether the amount of Rs. 12-10-0 charged for miscellaneous items in the voucher of Chayapathi Setti for November was paid to him?

(2) whether it was not explained by him & Narasimha Pandit at the time of inspection by Mr. Humble Hanish Pandit and myself that Narasimha Pandit purchased things for Rs. 7-7-0 from time to time from undefined persons and that a voucher was taken from the Setti only as a matter of convenience for Audit.

(3) whether it was not then represented by him (Headmaster) that he was responsible for the unaccounted for balance of Rs. 5-3-0. and that he had made casual purchases of country-drugs by the roadside whenever he found them cheap and that the list in which he noted them was left by him somewhere in his house and could not be produced then

(4) why the total of Rs. 7-7-0. was got altered

to Rs 12-10-0 by interpolating certain items against arbitrary dates in the account of Narasimha Pandit.

The explanation may be added categorically hereunder and sent to me before 11 A.M. to-morrow.
